PART I: HOW TO USE THE FORENSIC TOOLKIT IN LITIGATION

1.1. Overview of the Forensic System

This forensic suite was engineered to convert hundreds of fragmented documents, emails, and certificate scans scattered across local storage into a unified, mathematically rigorous evidentiary system. Every fact, date, certificate number, and transaction links directly to a primary document with an absolute file path and physical receipt.

1.2. Navigating the Interactive Web Dashboard (`https://grnh-forensics.vercel.app`)

The primary web application consists of six analytical modules accessible via the top tab bar:

- **Tab 1: Forensic Timeline & Transactions (`/`)**: A chronological ledger of 38 primary transactions tracking restricted share origin, issuance dates, certificate numbers, stated consideration, and associated fraud anomalies. Filterable by Phase (1 through 5) or by specific certificate.
- **Tab 2: Certificate Matcher & Opinion Inspector**: Allows counsel to select any certificate (e.g., CS1-7750, CS1-7937, CS1-8172, CS1-8002) to inspect its exact legal opinion, opinion author, stated legal basis, statutory defects, and linked primary documents.
- **Tab 3: Evidence Vault (562 Files)**: Searchable database of all evidentiary files cataloged from the hard drive, categorized by document type, file size, and linked stock certificates. Counsel can click 'Copy Path' to immediately copy absolute paths for court exhibit citations.

- **Tab 4: Fraud Typology Radar**: Maps transactions against federal securities statutes (Securities Act § 5, § 17(a), Exchange Act § 10(b), Rule 144 volume limitations, backdated convertible notes).
- **Tab 5: Non-Company Sourced Shares Analysis (109.2M Shares)**: Detailed breakdown of the 14 major tranches issued under the guise of non-company debt settlements, accompanied by complete defense deposition strategies and statutory vulnerability briefs.
- **Tab 6: Key Targets & Nominees Directory**: Complete intelligence dossiers on Ruben Sanchez (Casa de Dinero / FTS), Ira Gaines, Cheryl Hintzen, James Haas, Tom McCluskey, Ronald Brouillette, Mark Delfin, and their corporate shells.

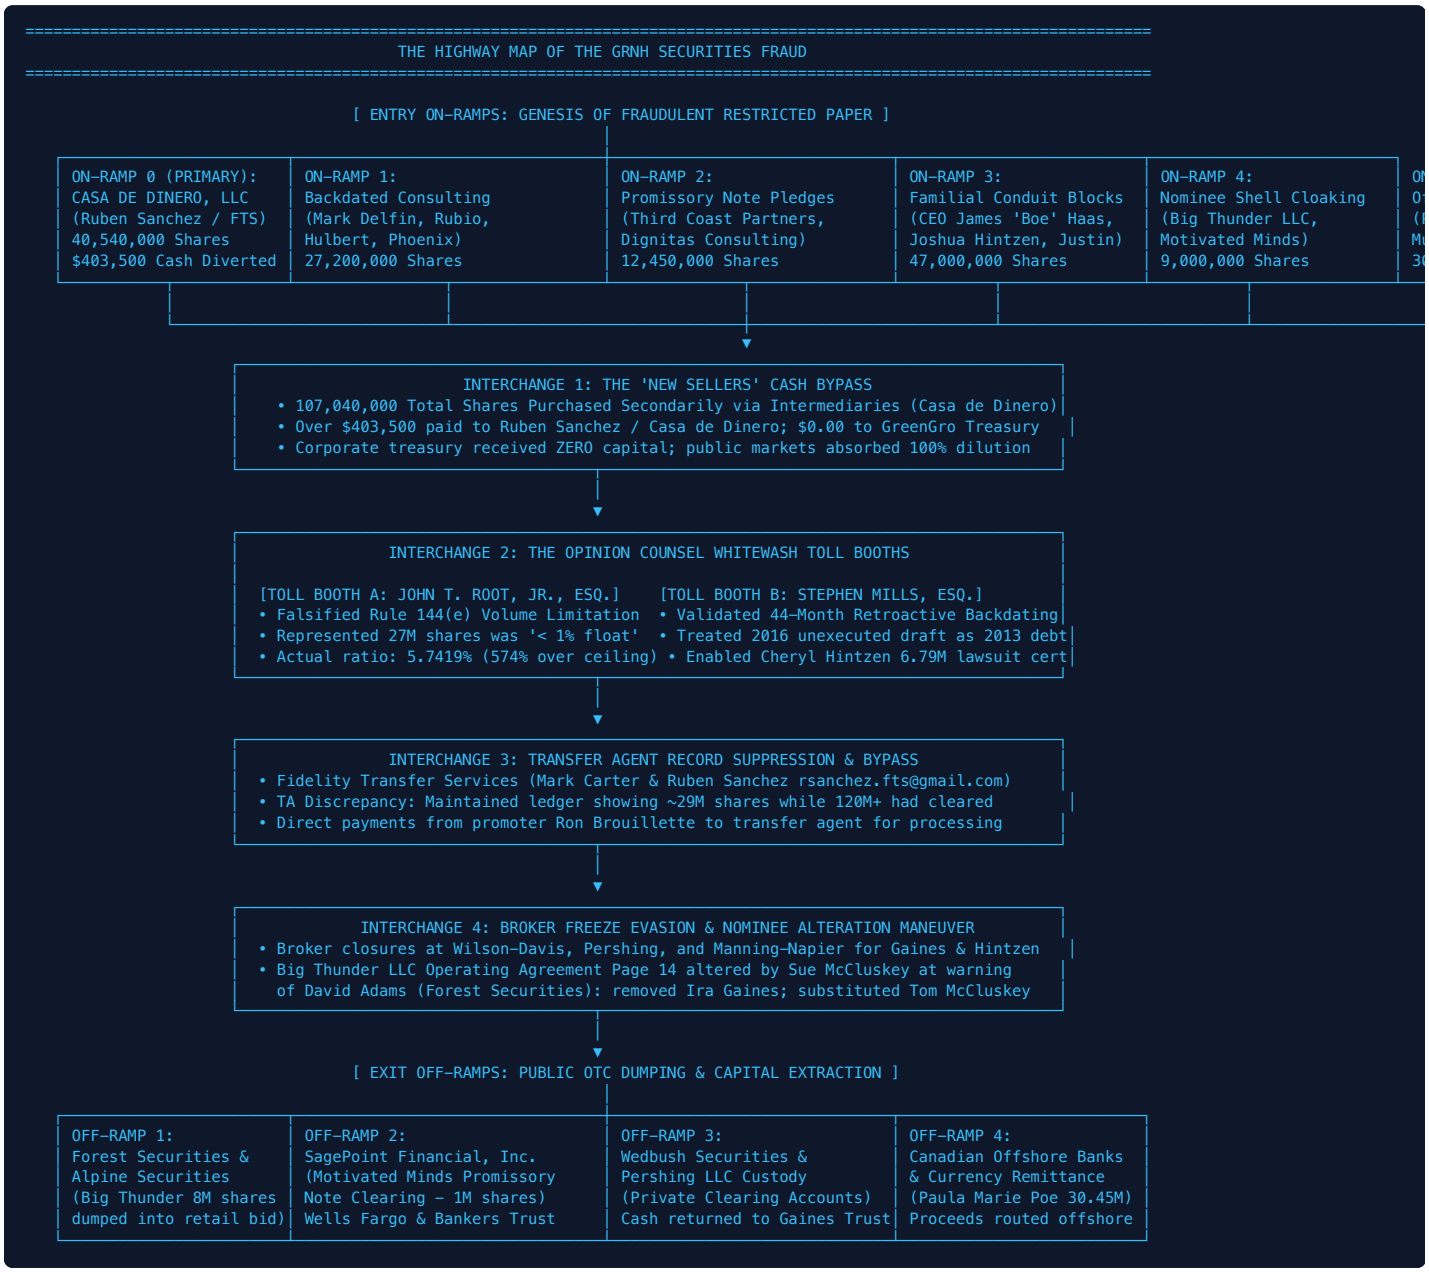

1.3. The Dedicated Certificate Lineage & Transfer Patterns Studio (`https://grnh-forensics.vercel.app/lineage`)

Built specifically for visual jury presentations and deposition cross-examinations, `/lineage` provides:

- **The 'New Sellers' Showcase**: Detailed cards for all 10 secondary market intermediaries who sold shares where $0.00 entered the issuer treasury, headlined by Casa de Dinero, LLC (40.54M shares) and Big Thunder, LLC (8.0M shares).
- **Interactive Visual Circuit Diagrams**: Seven step-by-step schematics showing exactly how shares flowed from genesis through intermediaries, attorney whitewashes, clearing brokers, and retail OTC dumps.
- **Filterable Master Pedigree Ledger**: 31 certificates with full step-by-step custody hops, genesis dates, brokerages, legal counsel, and primary evidence files.

PART II: THE HIGHWAY MAP OF THE GRNH SECURITIES FRAUD

The GreenGro Technologies securities fraud operated as an integrated multi-lane laundering highway. The following architectural diagram maps the entire scheme from fraudulent paper creation to cash extraction:

3.2. Big Thunder, LLC: The Nominee Broker-Freeze Evasion Vehicle

- **Entity Details:** Nevada Limited Liability Company formed **August 30, 2017**.
- **Documentary 'Smoking Gun':** Primary source files `Big Thunder LLC CHAPTER.docx` and `NARRATIVE V1.docx` explicitly record:

> *"Big Thunder LLC was formed on August 30, 2017 because Ira Gaines and Cheryl Hintzen were having broker accounts closed (Wilson-Davis, Pershing, Manning-Napier)..."*

- **The Operating Agreement Alteration:**
  - Page 14 of the initial operating agreement named **Ira Gaines as Initial Manager**.
  - Registered Representative **David Adams at Forest Securities** alerted the parties that Gaines' name on the filing would prevent account approval due to past regulatory disciplinary actions.
  - Sue McCluskey (Ira Gaines' personal bookkeeper) modified the agreement, substituting her husband, **Tom McCluskey**, as Managing Member.
- **Certificates Liquidated:**
  - **CS1-8002 (4,000,000 shares):** Deposited through Forest Securities and Alpine Securities.
  - **CS1-7910 & CS1-7960 through 7968 (4,000,000 shares):** Carved into nine separate certificates to avoid Depository Trust Company (DTC) chills.
- **Primary Evidence Receipts:** `Big Thunder LLC CHAPTER.docx`, `GRNH 8002 4MM shares BTLLC.pdf`, `GRNH request for legal 4MM GRNH BIg Thunder.docx`, `GRNH SENT TO TA to be put in Big Thunder Name 9 certs.pdf`, `7960 grnh 2.pdf`.

3.3. Motivated Minds: The SagePoint Financial Clearing Conduit

- **Operational Accounts:** Commercial accounts maintained at **Wells Fargo Bank** and **Bankers Trust** (corroborated in `Eric Miller Compensation 03-14-21.xlsx`, sheet `SUMMARY`).
- **Clearing Brokerage: SagePoint Financial, Inc.**
- **Volume Cleared:** 1,000,000 shares under Promissory Note transfer mechanisms.
- **Evidentiary Finding:** `SagePoint Motivated Minds.pdf` and `GRNH for Sage point 1MM shares.pdf` establish that Motivated Minds acted as a conduit entity receiving restricted stock allocations that were packaged as note collateral and cleared through SagePoint Financial with zero disclosure of Ira Gaines' beneficial interest.

3.5. Featured Autopsy 1: The John T. Root, Jr., Esq. 5.74% Volume Ceiling Falsification

- **Stock Certificate:** `CS1–8172` (27,000,000 shares) issued to E.F. Romano III.
- **Opinion Letter Date:** January 22, 2019 / April 22, 2019.
- **The Fraudulent Representation:** Attorney John T. Root, Jr. wrote to Fidelity Transfer Services:

> *"I do not consider it to rise to the level of a distribution as it is **much less than one percent** of the outstanding shares of the Issuer."*

- **The Mathematical Reality:**
  - Total Outstanding Common Shares of GreenGro: **470,220,980**
  - 27,000,000 ÷ 470,220,980 = **5.7419%**
  - Root exceeded the Rule 144(e) volume ceiling by **574%** while certifying under penalty of professional conduct rules that the tranche was 'much less than one percent.'
- **Primary Evidence:** `GRNH 8172 10MM and 8173 950k.pdf`, `GRNH 8172 8169 8171.pdf`, `GRNH april 152019.xlsx`.

3.6. Featured Autopsy 2: The Cheryl Hintzen 6.79M Share Lawsuit Defense Autopsy

- **Case Caption:** *Cheryl Hintzen v. James M. Haas*, Maricopa County Superior Court CV2025-013574.
- **Stock Certificate:** `CS1–7937` (6,790,000 shares).
- **Claim:** Hintzen sues CEO James Haas alleging breach of contract and seeking $1.8M damages for failed stock delivery.
- **The 44-Month Retroactive Backdating Fraud:**
  - Plaintiff claims the shares originate from a **December 2013** debt.
  - Hard-drive documentary evidence reveals the underlying consulting contract was drafted and executed in **August 2016** with nominee Mark Delfin (`CONSULTING AGREEMENT_Delfin_GRNH.docx`).
  - The parties retroactively backdated the note holding period by **44 months** to manufacture an artificial Rule 144(d) holding period.
- **Defense Doctrine:** Under the **In Pari Delicto** and **Unclean Hands** doctrines, Hintzen cannot enforce a contract whose primary object was the illegal manufacture of backdated, unregistered stock in violation of Section 5 (*Bateman Eichler, Hill Richards, Inc. v. Berner*, 472 U.S. 299).

PART IV: STATUTORY CAUSES OF ACTION & TRIAL PLEADING MATRIX

Counsel can immediately adapt the following statutory pleading framework for complaints, counterclaims, or summary judgment motions:

Count I: Violation of Section 5(a) and 5(c) of the Securities Act (15 U.S.C. §§ 77e(a), 77e(c))

- **Elements:** (1) Lack of a registration statement in effect; (2) Offer or sale of securities; (3) Use of interstate commerce or the mails.
- **Strict Liability:** Scienter is not required. The defendants bear the burden of proving an entitlement to an exemption (*SEC v. Ralston Purina Co.*, 346 U.S. 119).
- **Application to GRNH:** Over 120M shares were sold into public interstate OTC markets using invalid Section 4(a)(1) opinions. Because Casa de Dinero, Dignitas, and Third Coast were statutory underwriters under § 2(a)(11), no exemption existed.

Count II: Securities Fraud under Section 17(a) of the Securities Act (15 U.S.C. § 77q(a))

- **Elements:** Fraudulent practices, misrepresentations, or omissions in the offer or sale of securities.
- **Application to GRNH:** Ruben Sanchez (Casa de Dinero), opinion attorneys (Root, Mills), and promoters made affirmative misstatements regarding holding periods (44-month backdating) and outstanding share ratios (5.74% represented as < 1%). Under Section 17(a)(2) and (3), negligence is sufficient (*Aaron v. SEC*, 446 U.S. 680).

Count III: Securities Fraud under Section 10(b) and Rule 10b-5 of the Exchange Act (15 U.S.C. § 78j(b); 17 C.F.R. § 240.10b-5)

- **Scheme Liability under Subsections (a) and (c):** Under *Lorenzo v. SEC*, 139 S. Ct. 1094 (2019), any participant who disseminates false information or participates in a fraudulent scheme is liable under Rule 10b-5(a) and (c) even if they are not the 'maker' of the statement under *Janus Capital Group, Inc. v. PART V: TRIAL CROSS-EXAMINATION & DEPOSITION OUTLINES

5.1. Deposition Outline: Ruben Sanchez (Casa de Dinero, LLC / Fidelity Transfer Services)

1. *"Mr. Sanchez, during 2017 through 2020, you were employed by or affiliated with Fidelity Transfer Services, Inc., the primary transfer agent for GreenGro Technologies, correct?"*
2. *"Your professional email address was rsanchez.fts@gmail.com, correct?"*
3. *"You were also the sole manager and signatory for Casa de Dinero, LLC and Casa de Dinero, Inc., correct?"*
4. *"I show you Exhibit 8, a Stock Purchase Agreement dated March 20, 2017 between Casa de Dinero, LLC and Joshua Hintzen. That is your signature on page 2, correct?"*
5. *"Under that agreement, Casa de Dinero sold 250,000 shares of GRNH stock to Joshua Hintzen at $.14 per share, correct?"*
6. *"I show you Exhibit 9, records from GreenGro's master ledger in GRNH data.xlsx. Row 1 reflects that on March 14, 2017, Casa de Dinero sold 5,000,000 shares to Cheryl Hintzen for $125,000. Did Casa de Dinero receive that $125,000?"*
7. *"Did any portion of that $125,000 go into the bank accounts of GreenGro Technologies, Inc.?"*
8. *"Row 2 reflects that on April 5, 2017, Certificate CS1-7908 for 4,000,000 shares was transferred from Casa de Dinero to Paradise Wire & Cable for $106,000. Did Casa de Dinero receive that $106,000?"*
9. *"Did any portion of that $106,000 go to GreenGro Technologies?"*
10. *"I show you Row 3: on May 8, 2017, Certificate CS1-7937 for 6,790,000 shares was issued from Casa de Dinero to Cheryl Hintzen. Did Fidelity Transfer Services process that issuance?"*
11. *"And on August 9, 2017, Thirteen separate certificates—CS1-7960 through CS1-7972—were issued from Casa de Dinero to Joshua Hintzen, plus an SPA for 5,500,000 shares for $137,500. Did you coordinate both the private sale and the transfer agent issuance?"*
12. *"And on November 2, 2017, Certificate CS1-8002 for 4,000,000 shares was transferred from Casa de Dinero to Big Thunder, LLC, correct?"*
13. *"And in April 2019, Certificates CS1-8161 and 8162 totaling 8,500,000 shares were transferred from Casa de Dinero to Canadian resident Paula Marie Poe, correct?"*
14. *"In total, across all these transactions, Casa de Dinero transferred more than 40,500,000 shares of GreenGro stock and collected over $400,000 in cash, while GreenGro Technologies received zero dollars in capital. Isn't that true?"*
15. *"As an insider at the transfer agent, you knew that GreenGro's public float was being diluted by tens of millions of shares without any corporate registration statement, didn't you?"*

5.2. Deposition Outline: John T. Root, Jr., Esq. (Opinion Counsel)

1. *"Mr. Root, I hand you Exhibit 12, your opinion letter dated April 22, 2019 regarding Certificate CS1-8172 for 27,000,000 shares of GreenGro Technologies, Inc. That is your signature on page 3, correct?"*
2. *"In paragraph 4, you state under your professional letterhead: 'I do not consider it to rise to the level of a distribution as it is much less than one percent of the outstanding shares of the Issuer.' Did you write those words?"*
3. *"What was the total outstanding share count of GreenGro Technologies on April 22, 2019?"*
4. *"I show you Exhibit 14, the official Transfer Agent ledger showing 470,220,980 outstanding shares. If you divide 27,000,000 by 470,220,980, what percentage do you get?"*
5. *"It is 5.7419%, isn't it?"*
6. *"In what mathematical system is 5.74% 'much less than one percent'?"*
7. *"Under SEC Rule 144(e), the maximum volume of shares that can be sold in any three-month period is strictly capped at one percent of outstanding shares, correct?"*
8. *"So Certificate 8172 exceeded the federal regulatory ceiling by more than 570%, didn't it?"*

5.3. Deposition Outline: Tom & Sue McCluskey (Big Thunder, LLC)

1. *"Mrs. McCluskey, you served as personal bookkeeper for Ira Gaines between 2016 and 2020, correct?"*
2. *"I show you Exhibit 22, titled 'Big Thunder LLC CHAPTER.docx.' This document was recovered from your files. In it, it states that Big Thunder was created because Ira Gaines and Cheryl Hintzen faced account closures at Wilson-Davis and Pershing. Is that accurate?"*
3. *"I show you Exhibit 23, the draft Operating Agreement of Big Thunder LLC. On page 14, Ira Gaines was originally listed as the Initial Manager. Why was his name removed?"*
4. *"Did registered representative David Adams at Forest Securities tell you that Ira Gaines' name could not appear on the account?"*
5. *"Mr. McCluskey, did you ever contribute any personal capital to purchase the 8,000,000 shares of GRNH held by Big Thunder?"*
6. *"Who directed the trading and liquidation of those 8,000,000 shares at Forest Securities and Alpine Securities?"*

PART VII: 10 IRREFUTABLE FACTS FOR ORAL ARGUMENT & SUMMARY JUDGMENT

When appearing before the Court on motions to dismiss, motions for summary judgment, or preliminary hearings, counsel should frame oral argument around these ten undisputed documentary facts:

1. **$0.00 Proceeds to Corporate Treasury:** Across more than 107,000,000 shares issued through 'New Sellers' (including 40.54M through Casa de Dinero), not one penny was deposited into GreenGro Technologies' bank accounts.
2. **The 40,540,000 Share Casa de Dinero Spigot:** Transfer agent insider Ruben Sanchez (rsanchez.fts@gmail.com) utilized Casa de Dinero, LLC to funnel 40.54M shares to Cheryl Hintzen, Joshua Hintzen, Big Thunder LLC, and Paula Marie Poe, collecting $403,500 in secondary cash.

3. **The 574% Exceedance of Rule 144(e):** In clearing Certificate CS1-8172 (27,000,000 shares), Attorney John T. Root, Jr. falsely certified that the tranche was 'much less than one percent' when it represented 5.7419% of outstanding shares.
4. **The 44-Month Backdating Discrepancy:** The Mark Delfin consulting agreement relied upon by Cheryl Hintzen in *Hintzen v. Haas* was executed in August 2016, but was retroactively tacked back to December 2013.
5. **The Big Thunder LLC Nominee Disguise:** Big Thunder LLC was created on August 30, 2017 for the sole purpose of evading broker account closures at Wilson-Davis and Pershing.
6. **The David Adams (Forest Securities) Alteration:** Sue McCluskey altered page 14 of the Big Thunder operating agreement to remove Ira Gaines' name after Forest Securities warned that Gaines' presence would trigger account rejection.
7. **The SagePoint Financial Conduit:** 1,000,000 shares were cleared through SagePoint Financial under Motivated Minds promissory note mechanisms without disclosing Gaines' beneficial control.
8. **The Transfer Agent Suppression (29M vs. 120M):** Fidelity Transfer Services maintained a visible ledger of ~29M shares while over 120M shares were physically circulating in the public float.
9. **Promoter Direct Payments to Transfer Agent:** Documentary records (`GRNH april 152019.xlsx`) prove that promoter Ronald Brouillette ('Ron') directly paid transfer agent fees to expedite certificates for Canadian straw Paula Marie Poe.
10. **The Entire Float Was Contaminated:** Because Section 5 is a strict liability statute and Rule 144 safe harbors were voided by fraud, every subsequent purchaser down the chain holds illegally distributed, non-exempt securities.
